## Welcome to the June edition of Train Brain

---

With six months left of 2017, it's time to get serious about your training.

This edition of Train Brain features a number of ways you can gain CPD hours towards your CoC.

Because it's not just attending courses that gives you CPD hours - attending a conference, a forum, an AGM - even joining a webinar can earn you hours, and get you closer to your CoC.

Train well and be safe.
